Olá! Tudo bem? Eu sou a Bruna, e talvez você já me conheça de algum grupo de R no Telegram ou Facebook, ou mesmo pelo meu outro pacote, o vaginalmeR. Eu estou prestes a me formar em Estatística na UFPR, e esse post vai ter muito a ver com o tema do meu trabalho de conclusão de curso, que está sendo feito sob orientação do Professor Walmes Zevi.

Faces of #rstats Twitter

19 Mar 2017

This week I was impressed by [this tweet](#) where Daniel Pett, Digital Humanities Lead at the British Museum, presented a collage of Twitter profile pics of all his colleagues. He made this piece of art using R (for collecting the usernames) and Python. I'm a bit of an R fanatic (or a Python dummy...) so I decided to write a code in R only to make a collage of profile pics of Twitter #rstats users.
